for better or worse museums are changing from forbidding bastions of rare art into audience friendly institutions that often specialize in blockbuster exhibitions designed to draw crowds but in the midst of this sea change one largely unanswered question stands out what makes a great exhibition some of the world's leading curators and art historians try to answer this question here as they examine the elements of a museum exhibition from every angle what makes a great exhibition investigates the challenges facing american and european contemporary art in particular exploring such issues as group exhibitions video and craft and the

ways that architecture influences the nature of the exhibitions under its roof the distinguished contributors address diverse topics including studio museum in harlem director thelma golden s examination of ethnically focused exhibitions and robert storr director of the 2007 venice biennale and formerly of the museum of modern art on the meaning of exhibition and exhibitionmaker a thought provoking volume on the practice of curatorial work and the mission of modern museums what makes a great exhibition will be indispensable reading for all art professionals and scholars working today

britain the empire and the world at the great exhibition is the first book to situate the crystal palace exhibition of 1851 in a truly global context addressing national imperial and international themes this collection of essays considers the significance of the exhibition both for its british hosts and their relationships to the wider world and for participants from around the globe how did the exhibition connect london england important british colonies and significant participating nation states including russia greece germany and the ottoman empire how might we think about the exhibits visitors and organizers in light of what the exhibition suggested about britain s place in the global community contributors from various academic disciplines answer these and other questions by focusing on the many exhibits publications visitors and organizers in britain and elsewhere the essays expand our understanding of the meanings roles and legacies of the great exhibition for british society and the wider world as well as the ways that this pivotal event shaped britain s and other participating nations conceptions of and locations within the wider nineteenth century world

the great exhibition 1851 a sourcebook is the first anthology of its kind it presents a comprehensive array of carefully selected primary documents sourced from the period before during and after the exhibition in hyde park in 1851 drawing on contemporary newspapers and periodicals the archives of the royal commission diaries journals celebratory poems and essays many of these documents are reproduced in their entirety and in the same place for the first time the book provides an unparalleled resource for teachers and students of the exhibition and a starting point for researchers new to the subject subdivided into six chapters origins and organisation display nation empire and ethnicity gender class and afterlives it represents the current scholarly debates about the exhibition orientating readers with helpful critically informed introductions what was the great exhibition and what did it mean readers of the great exhibition 1851 a sourcebook will take great pleasure in finding out

the great exhibition of 1851 and the crystal palace which housed it together became a british icon a symbol of free trade and a national success funded not only by taxes but by public subscription though the palace itself was banished to sydenham to leave hyde park free for londoners the commission was re-invented under prince albert to spend the profits for the advancement of british industry the commissioners first established south kensington with its museums and colleges of art and science the albert hall and the royal college of music and then moved into the training of scientists and artists they assisted in the expansion of the british school at rome and for over a century 1851 scholars have been contributing to british scientific discoveries this book celebrates 150 years of the commission s work fired by the application of art and science to productive industry a story of some

success and permanent record yet a pilgrimage not without its episodes of dissension and controversy

the book challenges the common view that the exhibition symbolized peace progress prosperity and the emergence of an industrial middle class auerbach suggests instead that the great exhibition became a cultural battlefield on which proponents of different visions of industrialization modernization and internationalism fought for ascendancy in the struggle for a new national identity book jacket

the great exhibition of 1851 was the outstanding public event of the victorian era housed in joseph paxton s glass and iron crystal palace it presented a vast array of objects technologies and works of art from around the world the first industrial exhibition of international scope contemporary commentators attributed much wider significance to it prince albert in particular argued that the great exhibition would bring nations together in a spirit of friendly rivalry following the social upheavals of the previous decade but the great exhibition s role and long term influence is far from clear cut did it encourage free trade or risk giving foreign competitors an advantage did it celebrate the achievements of the workers or give more power to industrialists and factory owners was it ungodly even blasphemous or did it promote christianity across the british empire

being an analysis of the british and foreign medical journals and transactions or a selection of the latest discoveries and most practical observations in the practice of medicine surgery and the collateral sciences for the past year made chiefly with reference to the treatment of disease

includes the institute s proceedings
